Porter Keadle Moore, LLP

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Members
Colony Park Financial Services, LLC:

We have audited the accompanying balance sheets of Colony Park Financial Services, LLC (the "Company") as of December 31, 2005 and 2004, and the related statements of operations, members' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Colony Park Financial Services, LLC as of December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Supplemental Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

COLONY PARK FINANCIAL SERVICES, LLC

Notes to Financial Statements

(1) Description of Business and Summary of Significant Accounting Policies

Business

Colony Park Financial Services, LLC (the "Company") was incorporated under the laws of the State of Georgia on June 27, 1996 and capitalized on October 17, 1996. The Company is registered as a nonclearing broker/dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers.

Relationship with Affiliate and Economic Dependence

The Company's operations are integrally dependent on the operations of Global Capital Advisors, Ltd., which owns 98% of the Company, and Global Capital Advisors, LLC, an affiliate through common ownership. Typically, significant portions of the Company's income result directly from these affiliates' activities, and a significant amount of the Company's revenue is paid to these affiliates as investment banking expenses and override commissions. These override commissions are calculated as 15% of the Company's revenues net of expenses. During the years ended December 31, 2005 and 2004, the Company paid investment banking expenses and commissions of \$61,503 and \$109,629, respectively, to these affiliates. The Company's results of operations and financial position would be significantly different without these affiliations.

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP") and to general practices within the broker/dealer industry. The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Furniture and Equipment

Furniture and equipment are reported at cost less accumulated depreciation. Depreciation is computed primarily by the straight-line method over the estimated useful lives of the assets (four to seven years).

Revenue Recognition

Investment Banking and Placement Fees

Investment banking fees and fees for private placement transactions and related expenses are recorded at closing of the securities offerings for which the Company is serving as investment banker. At times, the Company receives warrants as partial consideration for its investment banking services. The market value of these warrants, when reasonably determinable, is recorded as investment banking fees on the date received.

Retail Brokerage

Commissions represent the spread between buy and sell transactions processed and net fees charged to customers on a transaction basis for buy and sell transactions processed. Commissions are recorded on a settlement date basis, which does not differ materially from trade date basis.

(1) Description of Business and Summary of Significant Accounting Policies, continued

Income Taxes

The Company is treated as a partnership for income tax purposes. Consequently, income taxes are not payable by, or provided for, the Company. Members are taxed individually on their proportionate shares of the Company's earnings. The Company's net earnings or loss is allocated among the members in accordance with the Company's operating agreement.

(2) Net Capital Requirements

The Company, as a registered broker/dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule ("Rule 15c3-1") which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2005, the Company had net capital, as defined, of \$59,891, which was \$54,891 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .79 to 1.

The Company qualifies for exemption from the Customer Protection Rule (Rule 15c3-3 paragraph (k)(2)).

(3) Employee Benefit Plan

During 2004, the Company adopted a Simplified Employee Pension Plan Individual Retirement Account (SEP IRA) for its salaried employee. Contributions are discretionary, and are limited to the lesser of 25% of the employee's total compensation, or \$42,000 and \$41,000 for 2005 and 2004, respectively. The Company contributed \$40,000 to the SEP for both of the years ended December 31, 2005 and 2004.

(4) Commitments

Rent expense was \$20,400 and \$16,088 for the years ended December 31, 2005 and 2004, respectively. During 2005, the Company relocated its offices and entered into a 48-month lease for its new office space, effective January 1, 2006. Future minimum lease payments under the lease agreement are as follows:

2006	\$ 19,056
2007	19,632
2008	20,220
2009	<u>20,820</u>
	<u>\$ 79,728</u>

Independent Accountants' Report on Internal Control Procedures

To the Board of Members
Colony Park Financial Services, LLC:

In planning and performing our audit of the financial statements and supplemental schedule of Colony Park Financial Services, LLC (the "Company"), for the year ended December 31, 2005, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Act of 1934, we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's ("SEC") above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Certified Public Accountants

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Members, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
